**Ayesha Nawaz**  
GCE A level mathematics  
Singapore

"Tutors of Eclassopedia have taught me for two years, and they helped me improve my grades. They helped me improve from a C in my GCE AS level Mathematics to a B in my GCE A level. The tutors of Eclassopedia are very approachable and help solve my doubts even after tuition hours. Their tutors adapted the teaching method to a simpler story for me to grasp concepts easily. They put a lot of their time into helping me with the subject and took many extra classes during my exam time."
